Pilot X - Wireless Digital Teaching Station

Ready to increase student engagement? Let's start with teacher mobility.

The Hovercam Pilot is your new digital teaching station, designed to drive student engagement through teacher mobility. It combines every essential classroom technology into one convenient, wireless station, so teachers can spend less time setting up, and more time doing what they love: teaching.

Fully Wireless &
Battery Powered

No More Messy
Cords and Cables

Teach Anywhere
in the Classroom

The Hovercam Pilot is designed from ground up as a wireless teaching station with Ultra HD casting as an integral part of the mobile classroom experience.

Uncompressed, 4K video is beamed over the air from the Pilot to any projector, flat screen TV, or interactive panel.

This mobile-wireless teaching station allows teachers to instruct from anywhere in class enhancing teacher mobility and student engagement.

It consists of a powerful bi-directional multi-touch 4K digital slate (tablet) that comes with a pop-out keyboard and a mobile podium—and a bag of software and connectivity enhancements.

FEATURES

- Powerful tablet computer
- Teach from anywhere in the classroom
- Wireless ultra HD casting
- 13MP document camera
- Adjustable height & tilt
- Lockable tablet bay

continued on next page →

Magnetic Tablet Dock

with a pull-out keyboard for desktop experience - dual batteries for all-day wireless teaching
