PADCASTER®

Lead the next generation of digital learners.

Turn your classroom into a professional mobile studio with the versatile Padcaster.

The Padcaster is a patented, rugged multifunctional iPad case that transforms the iPad into an all-in-one mobile production studio. The Padcaster enables consumers to shoot, edit and upload video on the fly – or stream live right from the iPad.

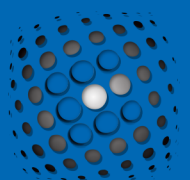

Transform your iPad into an all-in-one mobile production suite with the Padcaster Studio.

The new Padcaster Ultimate Studio is a complete turnkey system that makes filming your projects a breeze. It's the perfect product for endless activities including digital storytelling, professional video, morning announcements, green screen projects, sporting events, concerts, plays, graduation ceremonies, school meetings, live stream events, CCTV, news & journalism clubs and classroom instruction. It also works great with partner apps such as DoInk, Touchcast, and more.

Padcaster Studio includes your choice of Padcaster iPad Case and the following accessories: Padcaster® Case, Lens Bracket with 72-58mm step-down ring, .45X Wide-Angle Lens, 2x Telephoto Lens, Unidirectional Microphone, Audio Splitter, Stick Microphone with New Clamp System, Lavalier Microphone, Stereo Headphones, LED Light, ultra portable combination Tripod/Monopod, Dolly Wheels, Greenscreen with stand, Parrot™ Teleprompter, Backpack, Supershade, and light-blocking Lens Sticker. and a padded Camera Backpack to store all of your gear!

Better Service. Smarter Solutions.
